SUMMARY

Experienced Software QA Engineer specializing in automation testing with a strong background in both automated and manual testing methodologies. Proven expertise in building and maintaining test scripts to enhance software quality, accelerate release cycles, and identify defects early in the SDLC. Committed to optimizing testing processes and ensuring high product standards throughout the development lifecycle.

PROFESSIONAL EXPERIENCE

AKAR INTI TEKNOLOGI | Sr. QA Automation

Jun 2025 – Present

- Support the development team in building applications through robust automation testing strategies.
- Established and implemented the base automation framework using **Robot Framework**.
- Ensure the quality and reliability of the **Field Service Management (FSM)** product.
- Collaborate with stakeholders to gather and clarify technical requirements.

INDODAX | Software QA Engineer

Jul 2024 – Jun 2025

- Led web test automation initiatives using **Katalon Studio** and **Robot Framework**.
- Developed data-driven test suites to increase testing coverage and flexibility.
- Coordinated with the QA Manager to support **CI/CD** integration and automated test scheduling.
- Ensured the stability of the Indodax Crypto Exchange platform.

EVISI INFORMATIKA JAKARTA | QA Engineer

Feb 2021 – Jun 2024

- Developed and executed automated tests utilizing **Selenium**, **Java**, and **Cucumber**.
- Performed deep bug analysis and supported **SIT** and **UAT** processes.
- Operated within both Waterfall and Scrum environments, collaborating closely with cross-functional stakeholders.

ALTERRA ACADEMY | QA Mentor

Jun 2022 – Jul 2024

- Mentored students in **API test automation** using **Serenity BDD**.
- Reviewed final projects and provided one-on-one technical guidance to students.

DOJOBOX | QA Mentor

Nov 2021 – Feb 2022

- Shared QA best practices and taught **BDD** using **Gherkin**.
- Instructed students on web and mobile test automation using **Robot Framework**.

TECHNICAL SKILLS

- **Automation:** Web & Mobile Automation (Katalon, Selenium, Cypress, Appium, Robot Framework).
- **API Testing:** Postman, Rest Assured, Karate, Serenity BDD.
- **Manual Testing:** API, Web, & Mobile Testing, Test Case Documentation, Bug Lifecycle Management.
- **Tools:** Jira, Trello, Azure DevOps, Jenkins (CI/CD).
- **Database:** MySQL, MSSQL, MariaDB, PostgreSQL.
- **Languages:** Java, Python.

PROJECTS

- **OpteraOne:** Field Service Management application.
- **INDODAX:** Crypto exchange
- **MTT & Segmentation Tool:** Audio transcription and processing tools.
- **Bincang QA:** Sharing platform and YouTube channel for QA education.
- **PNR:** Pause and Resume Call
- **DSD:** Flowchart for customer services
- **ATOMS:** Asset management services
- **SAHABAT PUPR:** Online consultation from Kementerian PUPR

EDUCATION

INDRAPRASTA PGRI UNIVERSITY | Bachelor of Computer Science

2017 – 2021

- **GPA: 3.37 / 4.00**

CERTIFICATIONS

- **Selenium 101 & Advance** – LambdaTest.
- **Robot Framework, Cypress, Selenium** – Test Automation University.
